## CYBERSECURITY SUPPORT | ENGLISH

Waardenburg, reference 2020-00308

### COMPANY DESCRIPTION

Are you a star in solving complex problems? Are you fascinated by cybersecurity? Do you want to reassure customers that their company data is well protected? And are you up for a real challenge? Then we may just have the perfect job for you.

Based in Waardenburg, our client specializes in IT security. They work according to the Zero Trust principles and are the 'security conscience' of their customers. They manage the most innovative security products and services in the market (next-generation firewalls, cloud security, endpoint security, etc.) and they work with cutting-edge technology (like Kubernetes, Azure and AWS).

### JOB DESCRIPTION

As a Security Engineer, no two days are the same. Your tasks can range from solving complex network problems to optimally segmenting the customer's entire network. You will also be responsible for solving insecurities in your customers' firewall or software, and occasionally repairing or installing hardware. You will do everything with a clear focus on security and customer success.

### REQUIREMENTS

The ideal candidate for this role is an analytical and curious person; you want to keep on learning and tackling new challenges each day. You should have a natural affinity with IT and technology, and an interest in cybersecurity and vulnerabilities.

In addition to these, our client is looking for someone who:

- Speaks a fluent and professional level of English, and are able to express your actions to a client;
- Is willing and able to work irregular hours, as in this role you would be taking part in 24/7 shifts. A driver's license is therefore also required;
- Knows how routers, switches and firewalls work (VPN and DMZ knowledge preferred);
- Understands commonly used operating systems, e.g. Windows, Mac, Linux;
- Is familiar with the OSI model, SSH, SSL, HTTP, SMTP and DHCP protocols;

### WORKING CONDITIONS

- A newly renovated and innovative office with inspiring colleagues;
- A competitive salary (starting at €2.500/month) which grows with you;
- Plenty of training and development opportunities
- A job you can be proud of!

### GOOD TO KNOW

If you are interested in this vacancy, you can apply by clicking on the button above. Your application will be sent directly to the recruiter in charge. IMPORTANT: if you are not yet registered with Undutchables we kindly ask you to do so. Your information will be handled in the strictest confidence and your CV will not be sent to a company unless you have given prior permission. We will invite you for an extensive interview, as soon as any potential job opportunities arise. We will advise you on issues regarding employment in the Netherlands. Then, if possible, we will introduce you to a prospective company and provide support during the selection procedure.
